Functional Skills IT - KS4

Overview

The Edexcel Key Stage 4 Functional Skills IT curriculum is designed to empower students with essential digital skills and knowledge. It promotes hands-on learning, problem-solving, and creativity while emphasising responsible digital behaviour and cybersecurity awareness. This curriculum prepares students for both academic success and future employment by fostering adaptability, resilience, and real-world relevance. It's an inclusive and forward-thinking approach to digital literacy education, ensuring that students are well-equipped to navigate the challenges and opportunities of the digital age.
